

On Friday, April 3, The Arc of Steuben was notified that one of our associates who works at our location on VanScoter Street in Hornell, has tested positive for COVID-19. The families of the residents have been notified and the associate has been placed on a 14-day quarantine by Steuben County Public Health. Our nursing staff are closely monitoring the residents of the home for any symptoms and taking all of the precautions necessary as recommended by Steuben County Public Health and the CDC.

If you have questions or concerns, please contact our public relations department at 607-776-4146.
